Message from the Guest Editor

Dear Colleagues,

Our Special Issue is dedicated to highlighting the latest progress in the field of clinical laboratory immunology by providing a platform for researchers and clinicians to present their findings, share ideas and explore new avenues of research in this rapidly evolving field. The topics covered include, but are not limited to, the role of immunology in disease pathogenesis, advances in immunodiagnosics, immune-based therapies, immune monitoring and emerging technologies in immunology research. By showcasing the latest research and insights, this issue aims to foster collaboration and innovation, and improve patient outcomes in clinical laboratory immunology.
