Deadline for manuscript  
submissions:

**closed (30 June 2022)**

### Message from the Guest Editors

The aim of this Special Issue entitled “Hepatobiliary Diseases: Diagnosis and Management” is to share up-to-date information about diagnosis and treatment of hepatobiliary disease. The scope of the issue will include recent knowledge regarding the NAFLD, noninvasive methods of steatosis and fibrosis detection, detection of portal hypertension, advancement in the term of endohepatology, and new diagnostic methods for periampullary tumor detection as well as up-to-date information about a treatment of common hepatobiliary diseases.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
