Deadline for manuscript
submissions:

closed (31 January 2022)

Message from the Guest Editor

Dear Colleagues,

This Special Issue will focus on recent developments in oral and head and neck anatomical research for disease diagnosis.

Topics are not limited to the abovementioned studies but can cover all research areas concerning head and neck imaging, diagnosis, and disease treatment.

Considering your prominent contributions in this interesting research field, I would like to cordially invite you to submit an article to this Special Issue. Full research papers, communications, and review articles are welcome.

Dr. Tatsuo Okui

Guest Editor

an Open Access Journal by MDPI

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
