Message from the Guest Editor

In this Special Issue, new, original, advanced, innovative studies on diagnostic techniques including genetics, molecular biology, medical imaging, and artificial intelligence will be considered for publication. Your valuable studies in all areas of otology and neurotology will be welcomed. This Special Issue is aimed to support researchers who are investigating the diseases of otology and neurotology for better clinical diagnosis and new methods, resulting in the advancement of diagnostics in otology and neurotology.

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
