

Special Issue

Grand Challenges in the Diagnosis and Management of Cardiovascular and Cerebrovascular Diseases

Message from the Guest Editor

This Special Issue addresses the critical and evolving challenges in diagnosing and managing cardiovascular and cerebrovascular diseases, which continue to be the leading causes of morbidity and mortality globally. Given the complexity and severity of these conditions, a multidisciplinary approach is essential for improving patient outcomes. This Special Issue encompasses a comprehensive range of topics, including innovative diagnostic techniques, cutting-edge therapeutic strategies, and integrative care models. It highlights advancements in imaging technologies, the development and application of biomarkers, and the integration of AI-driven diagnostic tools. The integration of advanced technologies and innovative therapeutic approaches is expected to significantly enhance the diagnosis, treatment, and management of cardiovascular and cerebrovascular diseases, ultimately leading to improved patient outcomes.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
