## Interesting Images from the Sea

Collection Editors:

**Prof. Dr. Bert W. Hoeksema**

1. Taxonomy and Systematics Group, Naturalis Biodiversity Center, P.O. Box 9517, 2300 RA Leiden, The Netherlands  
2. Groningen Institute for Evolutionary Life Sciences, University of Groningen, P.O. Box 11103, 9700 CC Groningen, The Netherlands

**Dr. Zoe Richards**

1. School of Molecular and Life Sciences, Curtin University, Kent St, Bentley, WA 6102 Australia  
2. Western Australian Museum, Welshpool, Perth Cultural Centre, Perth, WA 6000, Australia

### Message from the Collection Editors

Underwater photographers and aquarists produce many attractive pictures that may tell an interesting story. Most of these pictures are posted on websites and social media where they have little scientific relevance. They could also serve as basis for published observations in Diversity (as Interesting Images), which may lead to new scientific insights and hypotheses. Therefore, Diversity encourages the submission of such Interesting Images. No regular manuscript text (introduction/methods/results/discussion) should be included. Instead, they are treated as short notes with an abstract (max 100 words), a maximum of five keywords, and up to 15 references. There is no limit to the number of illustrations (which can be arranged as panels in Figures with captions), but they should all be relevant and of good quality. Video footage may be included as Electronic Supplementary Material. Image files can be included either in the template or uploaded separately in high resolution.

## Editor-in-Chief

### **Prof. Dr. Michael Wink**

Institute of Pharmacy and  
Molecular Biotechnology,  
Heidelberg University, Im  
Neuenheimer Feld 329, D-69120  
Heidelberg, Germany

## Message from the Editor-in-Chief

*Diversity* (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Biodiversity Conservation*) / CiteScore - Q2 (*Agricultural and Biological Sciences (miscellaneous)*)
