Molecular Ecology and Evolution of Fishes

Guest Editors:

Dr. Daniel Carvalho

Conservation Genetics
Laboratory, Post-Graduate
Program in Vertebrate Biology,
Pontifical Catholic University of
Minas Gerais, PUC Minas, Belo
Horizonte 30535-610, Brazil

Dr. Bruno Melo

Department of Ichthyology,
Division of Vertebrate Zoology,
American Museum of Natural
History, New York, NY 10024, USA

Deadline for manuscript
submissions:

closed (30 August 2022)

Message from the Guest Editors

Dear Colleagues,

We invite submissions of papers using molecular data to address classic questions and processes in the ecology and evolution of fishes. This Special Issue reflects on the connections between molecular ecology and evolution as well as their applications in fish monitoring using environmental DNA, barcoding, metabarcoding, species identification and delimitation, phylogeography, and integrative taxonomy. It incorporates papers addressing specific questions at different taxonomic levels of fishes and presents new insights to understand ecological and evolutionary processes in addition to new technologies that can impact the identification and recognition of fish subclades.

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Biodiversity Conservation*) / CiteScore - Q2 (*Agricultural and Biological Sciences (miscellaneous)*)
