an Open Access Journal by MDPI

Seagrass Ecosystems, Associated Biodiversity, and Its Management

Guest Editors:

Dr. Lina Mtwana Nordlund

Dr. Jonathan S. Lefcheck

Dr. Salomão Bandeira

Dr. Stacey M. Trevathan-Tackett

Deadline for manuscript
submissions:

closed (31 January 2023)

Message from the Guest Editors

For this Special Issue, we invite submissions that elaborate on the value of seagrass ecosystems for coastal biodiversity with special relevance to governance and management. Topics may include but are not limited to conservation, restoration, fisheries, blue carbon, invasive species, disease, and microbiome. We encourage theoretical or empirical investigations on all aspects of seagrass ecosystem-associated biodiversity, including taxonomic, compositional, functional, and/or phylogenetic, and from all scales, from local to global—and how this biodiversity is relevant for governance and management of seagrass ecosystems.

We are looking forward to your submission.

Heidelberg, Germany

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Biodiversity Conservation*) / CiteScore - Q2 (*Agricultural and Biological Sciences (miscellaneous)*)
