submissions:

closed (31 December 2022)

Message from the Guest Editor

Dear Colleagues,

We are happy to announce the Special Issue "Feature Papers of Ecologies 2022". *Ecologies* is an international, peer-reviewed, open access, cross-disciplinary journal, which provides an advanced forum for studies on all aspects of ecology.

We welcome manuscripts from all fields of ecology that can be considered of interest for international readers. Both original research articles and comprehensive review papers are welcome. The papers in this Special Issue will be published, free of charge, with full open access after peer review. The potential topics include, but are not limited to:

- plant ecology
- benthic ecology
- desert ecology
- forest ecology
- marine ecology
- aquatic ecology
- soil ecology
- climate change ecology
- macroecology
- microbial ecology

We look forward to receiving your contributions.
