Deadline for manuscript  
submissions:

**15 January 2025**

### Message from the Guest Editors

Dear Colleagues,

The rapid evolution of artificial intelligence (AI) technologies has profoundly impacted numerous scientific fields, with image processing standing out as a particularly transformative area.

This Special Issue aims to showcase the latest innovations and research in the use of AI in image processing. It seeks to bring together pioneering studies and reviews that explore cutting-edge AI technologies, their application in image processing, and the challenges and solutions associated with these advancements.

The suggested themes for contributions are not limited to:

1. Advancements in Neural Networks for Image Enhancement;
2. AI in Medical Image Processing;
3. Machine Learning Techniques for Real-Time Image Processing;
4. AI-Powered Image Segmentation and Recognition;
5. Computer Vision and Deep Learning;

Through this Special Issue, we aim to provide a comprehensive overview of the current state and future potential of AI in the field of image processing, fostering a further innovation in this exciting and rapidly evolving field.

We look forward to receiving your contributions.

Dr. Fan Jiang  
Prof. Dr. Liang Chen

## Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
