Message from the Guest Editors

Dear Colleagues,

The Special Issue aims to explore the latest developments, innovations, and practical applications in the field of cloud computing. The focus will be on cutting-edge technologies, methodologies, and case studies that demonstrate the transformative impact of cloud solutions on various industries and sectors.

This Special Issue aims to serve as a comprehensive resource for understanding the recent advancements and diverse applications of cloud architectures and services, providing valuable insights to both academic and industrial audiences.

Tentative research topics include, but are not limited to, the following:

1. Advanced Cloud Architectures;

2. Cloud Security and Privacy;

3. Cloud Services and Applications;

4. Performance and Reliability;

5. Emerging Trends and Future Directions.

Special Issue

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.
Journal Rank: JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)
