Prof. Dr. Hong Zhu
School of Engineering,
Computing and Mathematics,
Oxford Brookes University,
Oxford OX33 1HX, UK

Deadline for manuscript
submissions:

closed (15 October 2023)

Message from the Guest Editor

Dear Colleagues,

The purpose of the Special Issue is to be a forum to publish scientific research papers that reflect the current state of the art in the research and practice of the synergy of software engineering and machine learning and to project a vision on the future directions in the subject area. The scope of the Special Issue covers both fields of applying ML to software engineering problems, and software engineering of ML applications. We welcome all original papers that report theoretical research, empirical study, reflection on practical case uses and experiences, evidence based visionary works, and survey and critical review of the current state of the art.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and
Telecommunications,
Politecnico di Torino, 10129
Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank: JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)
