Message from the Guest Editors

Dear Colleagues,

The purpose of this Special Issue of *Electronics* is to collect high-quality articles that present and discuss new problems, solutions, and technologies in the fields of knowledge-based information, decision support systems, and related areas of artificial intelligence.

Topics include, but are not limited to, the following areas:

AI in multi-domain data collection and analysis;

AI in knowledge extraction and aggregation;

AI-based knowledge representation learning;

Knowledge-based information retrieval and question answering;

AI-empowered decision support systems;

Knowledge-driven decision support systems;

Knowledge-based reinforcement learning;

AI in hierarchical decision making;

Human-machine cooperation decision making;

Interpretability for AI decision strategy;

Benchmarks for knowledge utility and decision policy efficiency;

Applications of knowledge-based information and decision support systems with AI technologies.

an Open Access Journal by MDPI

Editor-in-Chief

Department of Electronics and
Telecommunications,
Politecnico di Torino, 10129
Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
