submissions:

closed (30 April 2024)

Message from the Guest Editors

Dear colleagues,

This Special Issue aims to present interesting papers focused on the exploitation of the IoT and edge intelligence in the healthcare domain. Topics of interest include, but are not limited to:

- Innovative healthcare architectures to improve patients' conditions;
- Proposals to save costs, consumption, and improve the efficiency of healthcare systems;
- Innovations for personalized healthcare;
- Solutions that exploit real-time decision making in the healthcare domain;
- Home-based healthcare assistance to reduce healthcare professionals' workload;
- Edge intelligent solutions for the early detection of potential health issues;
- IoT systems to promote the collection of more detailed and accurate information about patients' health;
- Solutions to improve the communication and coordination among healthcare professionals in critical scenarios;
- Innovative healthcare systems for providing prompt reactions and interventions in cases of emergency;
- Innovative healthcare systems for specific chronic diseases.

an Open Access Journal by MDPI

Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [CAPus / SciFinder](#), [Inspec](#), [Ei Compendex](#) and [other databases](#).

Journal Rank: JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)
