Human–Computer Interaction: Information and Interaction Design

Guest Editor:

Dr. Younah Kang
Information and Interaction Design, Underwood International College, Yonsei University, Incheon 406-840, Republic of Korea

Deadline for manuscript submissions:
closed (30 June 2021)

Message from the Guest Editor

In this Special Issue, we want to focus on new user-centered methods and tools that support the design of interactive systems that are based on emergent technologies and insights from the social and behavioral sciences. We invite authors to submit original manuscripts that present breakthroughs in conceptual, theoretical, methodological, and practical research on a broad range of topics, including but not limited to:

- Theories and concepts to understand people in the use of digital artifacts;
- Design and implementation of novel digital artifacts/applications that apply emerging technologies such as Artificial Intelligence, Data analytics, the Internet of Things, and VR/AR;
- Evaluation of novel interaction techniques and tools;
- Novel methodologies and approaches in HCI/design;
- Social aspects of HCI/design with emerging technologies.

Welcome to contribute.

Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.
Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
