Deadline for manuscript submissions:
closed (15 November 2023)

Message from the Guest Editor

New advances in networking and services are required in multi-technology environments to satisfy the future evolution of the Internet. New challenging industrial and academic research topics on networking and services are welcome in this Special Issue.

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Trends in networking and services
- Slicing and 5/6/7G technologies
- Emerging Network Communications and Technologies
- CLOUD/GRID Networks and Services
- Ubiquitous mobile services and protocols
- Next Generation Networks and Ubiquitous Services
- Network Control and Management
- Multi Provider QoS/SLA Internetworking
- Software Defined Networking
- Emergency Services and Disaster Recovery of Networks and Applications
- Deploying the Future Infrastructures
- CLOUD/GRID over Optical Burst Switching Networks

Special Issue

Editor-in-Chief

Prof. Dr. Flavio Canavero
Department of Electronics and
Telecommunications,
Politecnico di Torino, 10129
Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.
Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
