submissions:

15 September 2024

Message from the Guest Editors

Dear Colleagues,

This Special Issue, 'New Challenges in Information Security, Privacy, and Cyber Resilience', will address the evolving landscape of digital threats and the need for innovative strategies to safeguard sensitive information, uphold privacy, and fortify organizational resilience in the face of cyber incidents.

Topics of interest include, but are not limited to:

- Cybersecurity in modern computerized ecosystems (e.g., Internet of Things (IoT), cyber-physical systems (CPS), supply chains, smart cities and intelligent environments, etc.);
- Privacy preservation and data protection in the digital era;
- Cyber resilience of critical infrastructures;
- Artificial intelligence in cyber protection;
- Cyber threat intelligence and information sharing among collaborating organizations and communities;
- Incident response planning and playbooks;
- Secure development lifecycle for software and hardware;
- Opensource software/hardware guarantees and bill of materials (BOM);
- Cyber ranges training, raising awareness, and ethical aspects.

an Open Access Journal by MDPI

Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
