### Message from the Guest Editors

The aim of the Special Issue is to present significant developments in the field for a wide range of current and future applications. Therefore, we invite researchers working in this area to submit their papers with their latest results to this Special Issue.

Topics of interest include (but are not limited to) the following topics:

- Monitoring systems and sensors;
- Industrial Internet of Things, edge computing, and federated learning;
- Databases and knowledge management;
- Advanced machine-to-machine communication;
- AI-based industrial data analysis and decision support systems in industry;
- Advanced classification and prediction of signals and datasets;
- Modelling and simulation;
- Predictive maintenance and digital twins;
- Human-machine collaboration within the Industry 5.0 paradigm;
- Intelligent supply chain management;
- Intelligent optimization of production processes and ERP;
- E-maintenance and mobile technologies;
- Additive manufacturing, 3D printing, and reverse engineering;
- Green production, sustainability, eco-design, and LCA;
- Innovative thinking and intelligent design;
- Intelligent materials

## Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

**Journal Rank:** JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)
