Deadline for manuscript  
submissions:

**16 September 2024**

### Message from the Guest Editor

Dear Colleagues,

This Special Issue on Human-Centered ICT Technologies is approaching research and technological development in an interdisciplinary way. It serves as a platform for researchers, practitioners, and professionals to contribute by projecting advances in their research field to the field of Human-Computer Interaction, thus prioritizing human experiences and interactions. It also provides a forum for researchers and experts to share their insights, discoveries, and innovations in a wide range of topics, including but not limited to:

1. Advances in User Interface design, development, and evaluation including new approaches for explicit and implicit interaction.
2. Human-centered web-based information systems leveraging on knowledge representation, data visualization and data mining, big data analysis, and visualization.
3. Semantic Knowledge Representation and Presentation to enhance user interaction with information, user participation in information processing.

I look forward to receiving your contributions.

Dr. Nikolaos Partarakis

Telecommunications,  
Politecnico di Torino, 10129  
Torino, Italy

## Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
