

Environment and Electrical Engineering-Edition 2021

Guest Editors:

Prof. Dr. Zbigniew Leonowicz

Prof. Dr. Tomasz Sikorski

Dr. Michał Jasiński

Deadline for manuscript
submissions:
closed (30 April 2022)

Message from the Guest Editors

The Special Issue is an international forum for the exchange of ideas and recent research on energy systems. It aims to discuss a wide variety of topics related to energy systems and environmental issues. The ever-increasing awareness of environmental concerns and the intensive international efforts to reduce the emissions of greenhouse gases drive the need to offer the best contributions towards achieving the goals of renewable energy diversification and sustainable development.

This Special Issue concerns extended research presented during the 21st International Conference on Environment and Electrical Engineering as well as the 5th Industrial and Commercial Power Systems Europe.

The main objective of this Special Issue is to report recent research on: Renewable energy sources and storage, Power systems and smart grids, Energy-efficient systems, Smart buildings, Circuits, sensors, and actuators and so on.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
