### **Message from the Guest Editors**

The 6th Asian Conference on Innovative Energy and Environmental Chemical Engineering (ASCON-IEEChE) is the sixteenth in a series of Asian Conference on fluidized-bed and three-phase reactors, first held in Tokyo in 1988. In 2018, the 6th ASCON-IEEChE will be held at Sun Moon Lake, Taiwan, on 4–7 November, 2018. This year is the 30th anniversary conference. In continuation of the previous ASCON conferences, we welcome chemical engineers and scientists who are working in or interested in not only the science and engineering of fluidized-bed and multi-phase reactors but also a wide range of energy and environmental issues to participate in the 30th anniversary conference, and submit their papers to this Special Issue.

Deadline for manuscript submissions:

**closed (31 December 2018)**

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Control and Optimization)
