## Bioresource Technology for Bioenergy: Development and Trends

Guest Editor:

**Prof. Dr. Lyes Bennamoun**

Department of Mechanical Engineering, University of New Brunswick, Fredericton, NB E3B5A3, Canada

Deadline for manuscript submissions:

**closed (31 December 2021)**

### Message from the Guest Editor

The main objective of this Special Issue is to be an unifier of all ideas, tentative and studies dealing with bioenergy, going from knowledge of the fundamentals of the different processes at the laboratory scale to big-scale exploitation in biorefineries passing through supply chain management and life cycle assessment. We would like to see studies dealing with any nature of resources of bioenergy. Manuscripts dealing with mathematical modeling and simulation are also welcomed.

## Editor-in-Chief

### **Prof. Dr. Enrico Sciubba**

Department of Mechanical and  
Aerospace Engineering,  
University of Roma Sapienza, Via  
Eudossiana 18, 00184 Roma, Italy

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Control and Optimization)
