Deadline for manuscript
submissions:
closed (30 August 2022)

Message from the Guest Editors

Dear Colleagues,

Meeting our current needs without sacrificing our ability to continue to do so in the future is a key sustainability concept which is increasingly becoming more challenging than ever, with the growing population rate.

As one of the experts in the field, you are cordially invited to submit your new papers to this Special Issue. We will publish your paper and will broadcast your brilliant ideas through communication media.

Detailed information regarding published articles, indexing, and editorial board members can be found at the journal website (<https://www.mdpi.com/journal/energies>).

The aims and scope include but are not limited to:

- Energy management;
- Green manufacturing;
- Sustainable manufacturing;
- Energy saving of manufacturing systems;
- Operation and maintenance of power generation;
- Prognostics and health management of power systems.

Dr. Tangbin Xia
Prof. Dr. Ershun Pan
Dr. Rongxi Wang
Dr. Yupeng Li
Dr. Xi Gu

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
