Message from the Guest Editors

Dear Colleagues,

It is our pleasure to invite you to submit your paper for consideration in MDPI's Special Issue entitled "Energy Policy, Regulation, and Sustainable Development". This issue will focus on policy, regulations, and finance for the energy system. An additional topic of this issue is the issue of sustainable development in the context of the energy market.

Papers may cover global, regional, national, or even local topics that are of wider significance.

Within this broad spectrum, topics of particular interest include:

- Energy and environmental regulation;
- Energy supply security and energy demand;
- The quality and efficiency of energy services;
- The effectiveness of market-based approaches and/or governmental interventions;
- Energy technology innovation and diffusion;
- Energy modeling and forecasting;
- Energy analysis;
- Energy planning and energy management;
- Financial and behavioral aspects of the energy market;
- Risks, returns, and investment across energy sectors;
- Sustainable development.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
