Deadline for manuscript  
submissions:

**closed (28 April 2023)**

### Message from the Guest Editors

Dear Colleagues,

We invite you to submit articles for the Special Issue of *Energies* on “Energy and Urban Development—Challenges for Smart Logistics in the SME Sector”.

Therefore, this Special Issue of *Energies* will focus on innovations in the field of logistics systems, the distribution and use of alternative energy sources, innovations in the field of transport and tourism management, electromobility in the warehouse, the concept of ecological warehouses and the creation of smart zero-emission cities. Sustainable development based on smart logistics in SMEs, taking into account low-emission and energy-saving technologies, will cause cities to encourage favorable socio-economic and environmental changes.

We are convinced that this Special Issue will inspire the authors to submit original research papers related to the functioning of energy-smart logistics systems, setting the directions for the development of SME activities.

Prof. Dr. Danuta Zawadzka  
Dr. Anna Szczepańska-Przekota

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Control and Optimization)
