New Trends in the European Energy Sector: Legal, Economic and Policy Aspects

Guest Editors:

Dr. Michał Krzykowski

1. Faculty of Law and Administration, Department of Economic and Commercial Law, University of Warmia and Mazury in Olsztyn, ul. Obińska 1, 10 - 725 Olsztyn, Poland
2. Climate and Energy Laboratory, Centre for Antitrust and Regulatory Studies, Warsaw University, ul. Szturmowa 3, 02 - 678 Warszawa, Poland

Prof. Dr. Jakub Zięty

1. Department of Economic Law and Commercial Law at the Faculty of Law and Administration of the University of Warmia and Mazury in Olsztyn, ul. Obińska 1, 10-725 Olsztyn, Poland
2. Centre for Bioeconomy and Renewable Energies, University of Warmia and Mazury in Olsztyn, Plac Łódzki 3, 10-719 Olsztyn, Poland

Message from the Guest Editors

We aim to publish this Special Issue “New Trends in the European Energy Sector: Legal, Economic, and Policy Aspects”, in which invited contributions are amassed, examining new trends in the European energy sector from different viewpoints—legal, economic, and policy. We encourage potential authors to submit papers related to the following themes:

- New trends in the European energy sector: the Energy Union, and, on the other hand, supporting the local/citizen energy sector;
- The role and place of selected technologies in the energy transformation process;
- Energy storage;
- Market and sector coupling;
- Diversification of gas supplies;
- European energy markets interconnection and cross-border infrastructure;
- Changes in the energy sector resulting from the development of electromobility;
- Carbon capture and storage;
- Energy in times of economic crisis;
- Cybersecurity in the energy sector;
- COVID-19 pandemic and the EU's energy security;
- COVID-19 pandemic and the EU climate policy;
- COVID-19 pandemic and local energy;
- Cybersecurity in the energy sector.

Deadline for manuscript submissions:

15 May 2023)

Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
