Message from the Guest Editors

The Guest Editors are inviting submissions to a Special Issue of *Energies* on the subject area of “Finance and Economics of Energy Transition”.

This Special Issue will deal with the Economic and Financial Perspectives on Energy Transition. The topics of interest for publication include but are not limited to:

- Financial and economic analysis;
- Public policies and regulation;
- The financial market;
- Emission trading schemes;
- Hybrid generation systems;
- Energy storage systems;
- Smart grids;
- Utility-scale technologies;
- Distributed generation;
- Planning and optimization;
- Modeling and simulation;
- Stochastic studies;
- Efficiency analysis;
- Risk analysis and management;
- Environmental viability;
- Applications in emerging and developing economies.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
