Vanvitelli”, 81031 Aversa, Italy  
2. Aeromechs, 81031 Aversa, Italy

### Message from the Guest Editor

In this Special Issue, we invite novel high-quality research paper submissions covering a wide range of topics related to provide advanced control and management techniques for power converters in microgrids.

Topics of interest for publication include, but are not limited to, the following:

Deadline for manuscript  
submissions:

**31 January 2025**

- DC microgrids;
- Hybrid microgrids (DC and AC microgrids);
- Switched systems;
- Current sharing;
- Voltage regulation;
- Uncertain systems;
- Advanced and robust control of converters;
- Sliding mode control of converters;
- High-gain control of converters;
- Distributed control;
- Supervisory control;
- Model predictive control;
- Consensus control;
- Fuzzy control.

Eudossiana 18, 00184 Roma, Italy

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Control and Optimization)
