### Message from the Guest Editor

We are now preparing to launch the third volume of this Special Issue, “Electric Machinery and Transformers III”. In the first volume, we successfully published 12 papers; In the second volume, we successfully published 7 papers.

Deadline for manuscript  
submissions:

**25 October 2024**

Topics of interest for publication include, but are not limited to:

- New materials used in electric machines and transformers;
- Discussions of new methods for design optimization in electric machines and transformers;
- Novel drive systems to increase the operation performance of electric machines;
- Acoustic analyses of electric machines and transformers using vibrations;

It is recommended to send a tentative title and a short summary of the manuscript to Energies Editor Ms. Cicilia <cicilia.liu@mdpi.com>.

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Control and Optimization)
