Deadline for manuscript
submissions:

closed (1 April 2020)

Message from the Guest Editor

Dear Colleagues,

The 7th International Conference on Smart Energy Grid Engineering (SEGE 2019) (<http://www.sege-conference.com/>) is organized at UOIT, Oshawa, Canada, 12–14 August 2019. SEGE aims at providing an opportunity to discuss various engineering challenges of smart energy grid design and operation, and their applications. It provides a forum for researchers from academia and professionals from industry, as well as government regulators, to discuss challenges and exchange knowledge and best practices about smart energy grids.

The Symposium on Plasma and Nuclear Systems (SPANS 2019) is connected with SEGE 2019 and will be held on 15th of August 2019. SPANS provides a forum for researchers from academia, industry, and regulators to discuss the latest R&D, applications and products related to nuclear and plasma systems.

Authors of papers related to energies presented at the conferences are invited to submit extended versions of their work to the Special Issue for publication.

Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
