Message from the Guest Editors

Dear Colleagues,

It is a pleasure to invite you to contribute to this Special Issue on Smart Grid Outlook in Europe: Approaches, Challenges and Opportunities. The Special Issue is open to all contributions related but not limited to the following related topics:

- Technical and operational challenges
- Socio-economic considerations for the deployment of smart grids
- Market schemes (e.g. flexibility markets)
- Regulatory challenges and policy implications
- Challenges and opportunities of smart grids deployment for network operators
- Energy communities

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
