## Selected Papers from the 10th Asia-Pacific Forum on Renewable Energy (AFORE 2021)

Guest Editors:

**Dr. Hyun-Goo Kim**

New and Renewable Energy Map Laboratory, Korea Institute of Energy Research, Daejeon 34129, Korea

**Prof. Dr. Youngkuk Kim**

School of Information and Communication Engineering, Sungkyunkwan University, Suwon 16419, Korea

Deadline for manuscript submissions:

**closed (28 February 2022)**

### Message from the Guest Editors

AFORE 2021 is an annual event in which renewable energy specialists are provided with the opportunity, with regard to renewable energy policy, technology, education, research, marketing, and business, to exchange ideas, present work, establish networks, and develop a new vision for the future of renewable energy in the Asia-Pacific region.

The success of past AFORE conferences has now established it as a regional forum for presenting research in the renewable energy area and providing opportunities for information sharing, interaction between researchers and industries, network building, and research/technical collaboration.

This Special Issue welcomes full-length manuscript submissions on new and renewable energy applications from presenters and speakers at AFORE 2021. Papers that are accepted after a process of peer-review by experts in the field of new and renewable energy will be published in the journal *Energies*.

Department of Mechanical and  
Aerospace Engineering,  
University of Roma Sapienza, Via  
Eudossiana 18, 00184 Roma, Italy

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Control and Optimization)
