Deadline for manuscript
submissions:

closed (29 April 2024)

Message from the Guest Editors

Dear Colleagues,

The Guest Editor is inviting submissions to a Special Issue of *Energies* on the subject area of “Risk Assessment of Innovative Energy Systems”. This Special Issue will deal with risk assessment for future innovative energy systems with renewable sources, secondary energy sources (hydrogen), CCUS-based techniques, etc.

Topics of interest for publication include but are not limited to:

- Climate change risks on energy systems;
- Energy storage systems and risks;
- Energy management systems;
- Conventional energy systems and risks;
- Optimal operation of renewable energy;
- Demand side management;
- Resilient energy systems modeling.

Dr. Bing Wang

Dr. Yujiao Xian

Aerospace Engineering,
University of Roma Sapienza, Via
Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
