

Sustainable Biomass Supply Chain Management in Agriculture

Guest Editors:

Prof. Dr. Dimitrios Aidonis

Department of Supply Chain Management, International Hellenic University, 60100 Katerini, Greece

Dr. Charisios Achillas

Department of Supply Chain Management, International Hellenic University, 60100 Katerini, Greece

Prof. Dr. Dionysis Bochtis

Institute for Bio-Economy and Agri-Technology (iBO), Centre for Research and Technology-Hellas (CERTH), 38333 Volos, Greece

Deadline for manuscript submissions:

closed (30 September 2021)

Message from the Guest Editors

Dear Colleagues,

The present Special Issue of *Energies* aims to collect innovative ideas, solutions, decision-making frameworks and tools, experimental research, and state-of-the-art studies on sustainable biomass supply chain management in the agricultural sector.

- biomass systems
- agricultural supply chain management
- sustainability
- agricultural waste
- energy production
- Bioenergy

Dr. Dimitrios Aidonis

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
