

Special Issue

Thermo-Fluids and Heat Transfer Engineering

Message from the Guest Editor

We warmly invite you to submit your unpublished work for our upcoming special issue focusing on the latest research and developments in the realm of thermofluids and Heat Transfer. This interdisciplinary field has witnessed significant advancements in recent times, shaping various industrial and scientific applications.

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief
