Deadline for manuscript
submissions:

closed (30 September 2015)

Message from the Guest Editors

Dear Colleagues,

Please visit this site <http://www.univ-valenciennes.fr/evenements/ieees7/topics> for a detailed description of this special issue. The Special Issue's will mainly consist of selected papers presented at "7th International Exergy, Energy and Environment Symposium". Papers in the following topic are also welcomed on this special issue:

- Thermodynamics Optimization
- Entropy & Exergy Analyses
- Entropy Generation Minimization

Prof. Dr. Bernard Desmet

Dr. Morin Celine

Prof. Dr. Fethi Aloui

entropy

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Kevin H. Knuth

Department of Physics, University
at Albany, 1400 Washington
Avenue, Albany, NY 12222, USA

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [Inspec](#), [PubMed](#), [PMC](#), [Astrophysics Data System](#), and [other databases](#).

Journal Rank: JCR - Q2 (Physics, Multidisciplinary) / CiteScore - Q1 (Mathematical Physics)
