

Special Issue

Featured Review Papers on Probiotic Strains and Fermentation

Message from the Guest Editor

This Special Issue aims to collect high-quality review papers in all fields of Probiotic Strains and Fermentation. We encourage researchers from related fields to contribute review papers highlighting the latest developments in Probiotic Strains and Fermentation (including the aspects of the discovery, a functional and safety evaluation, fermentation technologies, and the application of novel probiotic strains) or to invite relevant experts and colleagues to do so. Full-length, comprehensive reviews are preferred. This Special Issue aims to share these scientific findings as widely as possible.

About the Journal

Message from the Editor-in-Chief

Welcome to a new open access journal, Fermentation, which meets the growing need for a high quality peerreviewed international journal with easy access to all researchers globally. We hope that you will share our enthusiasm for this new journal and look forward to working with you to make Fermentation a leader in its field. Your contributions are vital for the success of this new journal. Proposals for editing a special issue for a particular topical area are always welcome.

Editor-in-Chief

Dr. Badal C. Saha
Retired, National Center for Agricultural Utilization Research, USDA-ARS, Peoria, IL, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, FSTA, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biotechnology and Applied Microbiology) /
CiteScore - Q2 (Plant Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024).
