Deadline for manuscript  
submissions:

**10 January 2025**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to present the current state of knowledge in this exciting and fast-developing field of the pathogenic mechanisms of *Vibrio* spp. in fish.

We welcome the submission of original research, reviews, and opinion articles that cover different aspects of vibriosis, which include, but are not limited to, the following:

- 1) The function of virulence factors related to *Vibrio* spp.;
- 2) Study on the control of vibriosis;
- 3) The research of pathogenic proteomics of *Vibrio* disease in marine fish;
- 4) The effect of protein post-translational modification (PTMs) on the pathogenicity of *Vibrio* spp.;
- 5) The effects of modification on metabolic reprogramming and regulation of drug resistance in *Vibrio* spp.;
- 6) Host immune responses against *Vibrio* spp. infection.

Dr. Huanying Pang

**Prof. Dr. Maria Angeles Esteban**

Department of Cell Biology and Histology, Faculty of Biology, University of Murcia, 30100 Murcia, Spain

## Message from the Editor-in-Chief

*Fishes* is a multidisciplinary open access journal focusing on reports of original research and critical reviews and synthesis from the broad area of fishes and aquatic animals. The ultimate objective of *Fishes* is to facilitate the discovery of connections between research areas, advancing science and filling knowledge gaps, and providing solutions for all present and future issues encountered in the sector of fisheries and aquaculture. As Editor-in-Chief, I encourage you to consider *Fishes* for your scientific papers and would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubAg](#), [FSTA](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Marine and Freshwater Biology*)

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.2 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2024).
