Message from the Guest Editors

Dear Colleagues,

Edible oil is a necessary food and is produced on a large industrial scale; it is essential to the national economy and people's livelihoods. In recent years, the processing, detection, regulation, quality and safety of edible oil have undergone rapid development. Therefore, the aim of this Special Issue is to provide a broader perspective of the latest advances. This Special Issue invites papers on the following areas:

- The analysis of oilseed processing characteristics;
- Edible oil processing technologies and methods;
- The formation and regulation of edible oil quality;
- Oil safety and risk assessments.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.**

Journal Rank: JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))
