Natural Polymer-Based Films and Coatings for Food Packaging

Guest Editors:

Dr. Ying Chen

School of Food Science and Engineering, Yangzhou University, Huayang Xilu 196, Yangzhou 225127, China

Dr. Liang Zhang

School of Food Science and Engineering, Yangzhou University, Huayang Xilu 196, Yangzhou 225127, China

Dr. Yi Yuan

College of Biological Science and Engineering, Fuzhou University, 2 Xueyuan Road, University New Area, Fuzhou 350108, China

Deadline for manuscript submissions:

10 November 2024

Message from the Guest Editors

Dear Colleagues,

In this Special Issue, we encourage the submission of research articles, short communications, or reviews.

Potential topics include, but are not limited to, the following:

- Improvement of mechanical properties of natural polymer materials ;
- Reduce the water sensitivity of natural polymer materials ;
- The potential applications in food packaging, active packaging and intelligent packaging;
- Characterization of bio-based polymers that have potential as food packaging;
- The shelf life of packaged food products, storage physicochemical stability during shelf life, and sensory changes during food storage;
- Design and characterization of polysaccharide- or protein-based films, hydrogels;
- Encapsulation and delivery of additives or bioactive substances.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

Journal Rank: JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))
