Deadline for manuscript submissions:

**28 November 2024**

### Message from the Guest Editors

Dear Colleagues,

Due to the current increase in food intolerances and allergenic processes, such as lactose intolerance or allergy to cows' milk proteins, alternatives to conventional milk are being developed by the industry. Furthermore, in recent times, the proportion of the population following a plant-based diet has also grown. Therefore, there is a great interest in the development of these products and the search for formulations with a nutritional composition close to that of milk. This Special Issue invites original research manuscripts and comprehensive reviews aimed at these novel and innovative beverages, their nutritional compositions, their bioactive compounds, their improvements, their obtaining processes, and their sensorial acceptance by consumers.

Dr. Patricia García-Herrera

## Message from the Editor-in-Chief

*Foods* (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))
