Message from the Guest Editors

The aim of this Special Issue is to collect innovative papers deriving from different and complementary expertises concerning “Food Intake Biomarkers”. We invite researchers to contribute both with original research articles, as well as review articles focused on the development of new biomarkers of dietary intake and/or the application to intervention studies to understand the underlying mechanisms of action. We warmly welcome research papers that show novel applications in nutrition, and biomarker discovery, including structure elucidations for new compounds.

keywords: food intake; dietary assessment; dietary biomarkers; food intake biomarkers; metabolomics; mass spectrometry; NMR; quantitative metabolite profiling; untargeted metabolomic profiling

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
