Message from the Guest Editors

Dear Colleague,

As the most important staple foods, noodles and steamed bread are widespread food products that have long been consumed and favored by consumers, especially in many Asian countries.

Authors are invited to submit articles to a Special Issue of Foods with the topic of "whole grain foods, noodles and steamed bread". This Special Issue mainly concerns the following, but is not limited to:

Novel whole grain ingredients and innovative approaches to develop high-quality food products;

Perspectives and applications of the emerging technologies for improving food quality and safety;

Addressing new challenges for food nutritional quality and health benefits;

Change of components, such as protein, starch, dietary fiber, phenolic, lipid, endogenous enzyme, etc., to influence the quality (e.g., flavor, texture, etc.) and shelf life of whole grain foods during processing, and possible solutions;

Future trends and industries in developing whole grain food products (future whole grain foods);

Any topics that are deemed relevant to the main scope of this Special Issue.

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

Journal Rank: JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))
