Deadline for manuscript submissions:

closed (25 December 2023)

Message from the Guest Editors

Dear Colleagues,

We are pleased to announce this Collection titled “Editorial Board Members' Collection Series: Advances in Forest Health: Invasive Insects and Pathogens”. This issue will be a collection of papers from researchers invited by the Editorial Board Members.

The aim is to provide a venue for networking and communication between *Forests* and scholars in the field of forest health. We are committed to collecting a variety of research, including new diagnostic tools and techniques in forest pathology and entomology, the impact of alien and invasive pathogens and insects, the breeding and genetics of disease resistance in trees and the management of forest tree diseases. All papers will be published with full open access after peer review.

Dr. Benedetto T. Linaldeddu

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank: JCR - Q1 (Forestry) / CiteScore - Q1 (Forestry)
