Message from the Guest Editors

Global environmental change poses increasing challenges for managing forests and water for sustainable development. The joint International Forests and Water Conference 2018 (Valdivia, Chile) represents the first of its kind, and offers a unique forum to understand forest and water issues in Latin America under a global context. Major themes include:

1. Forests and water: the role of arts, humanities, and communication;
2. The 2030 Agenda framework for forests and waters;
3. Forest ecosystems, water and climate change adaptation;
4. Forest certification, government policy and water resources;
5. Ecosystem service tradeoffs involving water from native forests and plantations;
6. Aquatic and Riparian Biodiversity—forest ecosystem—stream connections;
7. Social aspects of watershed management and monitoring;
8. Agroforestry and water;
9. Forest ecosystem restoration for aquatic ecosystem services;
10. Forests in the food–water–energy nexus;
11. Modeling and decision support systems linking forest hydrology, management, and policy;
12. The Forest-Water Network: Planning tools.

an Open Access Journal by MDPI

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank: JCR - Q1 (Forestry) / CiteScore - Q1 (Forestry)
