

Special Issue

Physical and Mechanical Properties of Wood- and Bamboo-Based Materials

Message from the Guest Editors

Wood and bamboo, with their rich historical significance, are utilized across various sectors and offer advantages such as environmental sustainability, strength-to-weight ratio, and seismic resilience, while facing drawbacks like dimensional instability and limited fire resistance, thus prompting the use of techniques like lamination gluing and reagent impregnation for enhancement, aiming to expand their applications and lifespan, contributing to carbon sequestration. This Special Issue is poised to provide an avenue for scholars and stakeholders to remain at the vanguard of advancements in the field of the physical and mechanical properties of wood and bamboo. Those with an interest in the physical and mechanical attributes of wood and bamboo are cordially invited to collaborate and disseminate their latest accomplishments in this domain.

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia,
I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).
