Message from the Guest Editor

Dear Colleagues,

This Special Issue celebrates the opening of a new section of the journal *Foundation: Physical Sciences*. We invite theoretical and experimental studies related to all areas of fundamental physics. We welcome reviews and regular research papers without imposing any restrictions on the length of the paper. We also welcome short communications. These are expected to contain a preliminary presentation of interesting, potentially important ideas. **Papers submitted before 1 January 2022 would be published free of charge (if accepted).**

Best,

Prof. Dr. Eugene Oks
Guest Editor
