Big Data Analytics, Privacy and Visualization

Guest Editors:

Prof. Dr. Vijayakumar Varadarajan

Dr. Rajanikanth Aluvalu

Dr. Ketan Kotecha

Deadline for manuscript submissions:
closed (31 March 2023)

Message from the Guest Editors

Dear Colleagues,

The aim of this special issue is to collect state-of-the-art research findings on the latest development, up-to-date issues, and challenges in the field of big data analytics for business intelligence. Potential topics of interest include, but are not limited to the following:

- Innovative methods for big data analytics
- Techniques for mining unstructured, spatial-temporal, streaming, and/or multimedia data
- Machine learning from big data
- Search and optimization for big data
- Parallel accelerated and distributed big data analytics
- Value and performance of big data analytics
- Data visualization
- Real-world applications of big data analytics, such as default detection, cybercrime, e- commerce, e-health, etc.
- Improving forecasting models using big data analytics
- Security and privacy in the big data era
- Online community and big data

Special Issue

Editor-in-Chief

Prof. Dr. Gianluigi Ferrari
Department of Engineering and
Architecture, University of Parma,
Parco Area delle Scienze, 181/A,
43124 Parma, Italy

Message from the Editor-in-Chief

Future Internet is a fast-growing journal devoted to rapid publications of the latest results in the general areas of computer networking/communications and information systems, with a focus on the Internet of Things, big data and augmented intelligence, smart systems (in terms of technologies, architectures, and applications), network virtualization, edge/fog computing, and cybersecurity. Both theoretical and experimental papers are welcome. Every year, *Future Internet* also features Special Issues dedicated to specific topics within the journal's scope.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, and other databases.
Journal Rank: JCR - Q2 (*Computer Science, Information Systems*) / CiteScore - Q1 (Computer Networks and Communications)
