Dear colleagues,

To recognize the excellence of the papers in the Special Issue “Global Understanding of Accretion and Ejection around Black Holes”, we are pleased to launch our new Best Paper Award. One review or research article will receive this award. The paper will be selected after a thorough evaluation by the journal Award Committee, led by the EiC, Prof. Dr. Emilio Elizalde.

Eligibility for the award:

- Authors of all career levels are eligible;
- Only submissions in “Global Understanding of Accretion and Ejection around Black Holes”, excluding feature papers invited by the Guest Editor, are eligible.

Selection criteria:

The paper will be selected by the journal Award Committee according to the following criteria (data source: Web of Science (Clarivate Analytics)):

- Scientific merit and broadness of impact;
- Relevance to the journal’s field;
- Originality of research objectives and/or presented ideas;
- Creativity of the study design or uniqueness of approaches and concepts;
- Clarity of presentation;
- Citation and download rates by 30 June 2022;
- Authorship (first author, teamwork, and collaboration with other institutions).

Prizes:

The winner will receive the following:

- A certificate;
- 500 CHF;
- A waiver to publish a feature paper in *Galaxies* (following the standard peer review procedure, within one year after the award is announced).

The winner will be announced on the journal website in September 2022.

For more details about the Special Issue and to submit your paper, please visit the Special Issue website (https://www.mdpi.com/journal/galaxies/special_issues/Accretion_and_Ejection_around_Black_Holes).

Kind regards,
Galaxies Editorial Office
