

*galaxies*

Dear Colleagues,

We are pleased to announce the “*Galaxies* Special Issue Best Paper Award for Gravitational Wave Detectors” for research and review articles published in this special issue in *Galaxies*. One review or research article in the Special Issue will receive this award. The paper will be selected after a thorough evaluation by the journal award committee, and the winner will be announced in 31 March 2022.

Each award nominee will be assessed on his/her paper’s originality, quality, and contribution to the field by the Evaluation Committee.

# 2022 BEST PAPER AWARD FOR SPECIAL ISSUE

## **Eligibility for the award:**

- Papers published in the Special Issue “Gravitational Wave Detectors”;
- Open to all career levels;
- Reviews and research articles will be considered.

## **Selection criteria:**

The papers will be selected by the journal award committee according to the following criteria:

- Originality and significance;
- Citation and download rates until the 31 December 2021;
- Scientific merit and broad impact.

## **Prizes:**

The winner will receive the following:

- A certificate;
- 500 CHF;
- A waiver to publish a feature paper free of charge in *Galaxies* (following the normal peer-review procedure). The waiver will be available for 1 year.
